Executive Summary

The first month of the year keeps on going with BTC price growth on one hand and crowdfunding market's uncertainty from the other hand. The second week of January has brought confident \$9.3M raised by 3 projects. After positive beginning of the year, the market keeps on showing somewhat of performance even the overall market in bouncing on the edge. Thus, there were 123 ongoing projects where 14 were already completed and 8 projects have started.

However, the average rating of the projects has surged to impressive 4.1 that reflects the increasing in quality of the projects. Based on the funds raised, it was possible to allocate the top 3 projects by the funds raised. Thus, the projects Gath3r and ecxx.com have raised the highest numbers of \$5.2M and \$2.8M respectively. In addition, 55% of the total funds were raised by the IEO project Gath3r during last week.

Thus, based on the projects that raised funds, UAE and Singapore take the confident lead among the countries who have raised funds in the first month of the year, 2020. At the same time the projects 2local and PointPay obtained the highest ratings of the week, 4.9 and 4.7 respectively. To sum up the weekly performance, January is not repeating the December's stat so far and has already raised over \$17M in two weeks so far.
