Executive Summary

IEO & ICO market has already settled throughout the fall as it enters confidently the month of October. Seems like this fall is turning out to be really profitable after abandoned spring and summer. This week analysis covers the last day of September and the first week of October. Thus, September has raised over \$425M that is the highest monthly amount since September 2018. However, by the end of past week it was raised \$51M where only \$21M belonged to the October.

Thus, there were 167 ongoing projects where 29 were already completed and 11 projects have raised funds were only one project has raised funds in the first week of October. The high amount of fund raised were maintained by high rating of 4.0. The Bytus ICO has raised \$21M or 100% of overall funds raised during in October. However, the ICOs BILLCRYPT and Quantocoin have raised over 65% of funds in the last day of September. Thus based on the projects that raised funds, USA and Gibraltar take the confident lead while the crowd funding market has entered October.

At the same time the projects Max Crowdfund and FRED Energy obtained the highest ratings of the week, 4.9 and 4.7 respectively. The Satt an Worldopo still remain unreachable for other projects in terms of overall amount of experts' ratings, Also, this week cryptocurrency has almost reached infrastructure by the funds raised among the industries.
